

Press Release

Attack on Honiton business owners

9 July 2019

It is with great concern and dismay that members of the Town Council learnt of the unprovoked assault on Mr Joynul Islam and his business partner. The behaviour and attack has caused great dismay for members and they would like to wish all who were subjected to this their best wishes.

Fortunately, this behaviour is rare in Honiton and it is hoped that it does not occur again for a very long time. The council is concerned greatly that recent cuts in policing in Honiton may mean that this type of crime takes longer to react to and also solve.

Mark Tredwin

Town Clerk
