

PRESS RELEASE Thursday 7th October 2021

New allotments in Honiton

Honiton Town Council is proud to announce that the long-awaited allotments off Battishorne Way are now complete. On land kindly offered by Combe Estate and after several years of hard work from Town Councillors, Council staff and Banks Construction Ltd we can now offer 36 Plots in total. New allotment holders will be moving onto the allotments in the next few weeks and Honiton Town Council would like to thank everyone involved past and present.

The allocation of allotments took place at an open meeting, with new plot holders on 16th September. Several members of the working group were present including Cllr Roy Coombs who has been involved with the project since the beginning.

Terry Darrant and Cllr Fiona Hanratty, Co-Chairs of the Allotment Working Group said “The residents of Honiton have waited a long time for allotments, and we are delighted that they are now able to start growing their own fruit and vegetables. We hope very much that they will have a very productive year”
