

## **Project Implementation Plan**

**Version control: EX/10, v3**

**Project (title): Artwork on the Council Storage Containers at the Beehive**

**Lead Councillor: Lucy Wakefield**

**Lead Officer: Heloise Marlow/Mark Regan**

### **Scope of the Project:**

To improve the presentation of the containers by using them to promote what Honiton has to offer for our children and the young adults within the Town's clubs and organisations with contact details.

Possibly using billboards so that they can always be updated or changed when required.

### **June 2025 Update**

Following the relocation of the blue storage container to the far end of the Dowell Street car park and the removal of the white container, work has progressed with the Thelma Hulbert Gallery and Honiton Community College to produce vinyls which will be sited on fencing on the area facing Dowell Street with soft landscaping to be provided and the siting of the fern bench currently in storage. Further to a workshop at Honiton Community College, artwork has now been produced by the appointed artist.

**Project stakeholders:** Honiton Town Council

Local Artists and youth organisations

Thelma Hulbert Gallery

### **Timescales:**

24/25

### **Measures of success:**

Improvement to the Beehive storage container area by end March 2025, promoting offer for Honiton's young people.

### **June 2025 Update**

Containers have been removed or relocated.

Fencing is being built

Artwork proof has been received.

### **Budget:**

Code 4308 includes £5,000 24/25 for Street Art.

By using some £5k Street Art 24/25 budget from Honiton Town Council plus partners by way of grants or advertising donations from clubs.
